

The Federal Communications Commission

Dear The Federal Communications Commission,

To: Decision Maker:

I do not want to pay more for my telephone service! I urge you to reject a flat fee proposal that would change how contributions are made to the Universal Service Fund.

A flat fee for all doesn't make sense. Why should I (a retiree) or anyone else who makes limited long distance calls pay the same fee as people and businesses that make many calls. It would not be fair and I object to the flat fee proposal.

I use my wireless phone for safety, security and convenience. I don't want to lose these benefits so that big businesses can pay less than their fair share. I urge you to reject the proposal to move the USF collection system to a flat-fee.

Sincerely, Janet A. Morrone 2009 Burlington Dr.

Keep the USF Fair!

Sincerely,
